Selectmen's Meeting

NOVEMBER 22, 1983 - by Virginia Arral

A moment of silence was observed at last Tuesday's Selectmen's meeting for Fire Chief Paul J. Bradley who died that morning after suffering a stroke Monday, his 65th birthday.

Chairman John DeCosta said Paul was the type of person who took his work seriously. His concern for fire safety took him to schools, clubs and nursing homes to speak on the subject.

"Paul was instrumental in getting the new fire station built and in helping youth groups with their car washes," said the chairman.

DeCosta said all town flags will be flown at half-mast until sundown on Saturday, following memorial services Saturday morning at the Mattapoisett Congregational Church. Donations may be made in Paul's memory to the town Rescue Squad.

Paul joined the fire department in 1949 as a junior firefighter when his father, the late George C. Bradley, was chief. He was appointed a lieutenant in the 1950's, advanced to captain in 1961 and to assistant chief in 1966. He was appointed chief in 1968.

Deputy Chief Donald Wood said "Paul was more than my chief; he was my friend and I will miss him. He was totally dedicated to his job as fire chief and made many friends both among professional firefighters and town residents."

Wood was appointed acting chief until such time as a permanent appointment is made. Selectmen pointed out this was necessary to ensure continuity of the department's services.

Wood, who works full time as the Board of Health agent, explained he will have to delegate some duties, both because of his job and because he does not have the mechanical skills Paul had.

Wood said Paul was a "damned" good mechanic and did many of the small maintenance jobs on the fire trucks. "Now we will need to find someone for this work."

Selectmen asked Wood to check into a written request from Rodman Flodin and about 20 Holly Woods petitioners, who have asked that a fire alarm box be placed in their immediate area.

In making the recommendation, Selectman Frank Suzan said. "Manny, as he is known to Mattapoisett residents, and his brother, John Nunes, built the bridge 41 years ago. He and his men are also remembered for building by hand the town barn.

"Manny", at the age of 80, has served 45 years as Highway Department/Highway Surveyor, and is still going strong. He also served eight years as herring inspector.

The board jointly expressed pleasure at being able to accord "Manny" this honor, as he has done so much for this town.

In other business, Selectmen met with two representatives from SEMASS, the waste treatment plant project.

"We hope we will be in business by 1987," said George M. Mallan, president of Energy Answers Corp. Mallan told the Selectmen and members of the Board of Health that "preferential treatment as to lesser rates will go to those towns signing up first". If Mattapoisett is one of the first towns to sign an agreement with SEMASS to provide part of the 1,000 tons of waste SEMASS needs each day, it would be charged a fixed rate of $12 per ton for 27 years and be paid a rebate from the energy it sells to Com Electric.

Selectmen and the Board of Health were in total accord that "we would like to make an agreement to get an article for the annual town meeting in May 1984, to join SEMASS (Energy Answers Corp.) in the waste treatment plant".

However, Mallan said if Mattapoisett doesn't officially sign up before May 1984 then, in his opinion, an oral agreement will not be sufficient to take advantage of the reduced rate. He did agree to discuss the matter with town counsel Donald J. Fleming.

Mallan added that Middleboro and Plymouth are at present seriously considering join-

ing the SEMASS project. "We are still working on New Bedford and don't know what the new mayor and city council will decide."

Selectman James Huntoon said "we can go to a special town meeting if absolutely necessary but that townspeople prefer to vote on these things at a regular town meeting."

TOWN HALL RENOVATION

The Town Hall renovation is complete, and Selectmen and Town Hall employees are proud of the way it looks. In expressing her pleasure with the renovation and beautification, Executive Secretary Carol Adams said, "let's urge town residents to come by and take a good look at the outside and step inside to see all the changes".

Chairman DeCosta said the renovation cost has been about $40,000, just about half of what it would have cost if we had gone through the state's building process. He said the cost was held down because we used town labor and much of the equipment was borrowed from town residents. "People have been good to us; in fact, we had to rent very little," DeCosta added.

DeCosta noted that among the important renovations there are those not visible; they include new wiring, three coats of paint on the outside and insulation. The more visible ones are the new siding and the stained glass windows.

Selectmen Suzan and Huntoon commended DeCosta for the four days of labor he donated to build a rail around the town hall steps. They explained what would have cost as much as $5,000, DeCosta did for $200 worth of materials. DeCosta also supervised the making of a wood frame billboard with a plexiglass door that will be affixed to the outside wall of the Town Hall for town notices.

TOWN RECEIVED ACHIEVEMENT AWARD

Chairman DeCosta and Selectman Suzan attended the annual Massachusetts Selectmen's Association meeting in Hyannis at which Mattapoisett was one of four Massachusetts towns to receive an achievement award in recognition of its safety record in 1982-1983.

DeCosta said the town will receive a 20

Paul Bradley, a competent, quiet man, was universally valued both for his professions and his presence. The excellence of Mattapoisett's Volunteer Fire Department reflects his leadership over the past 14 years. Paul advanced through the ranks of the department having joined in 1949. He followed in a family tradition as his father, the late George C. Bradley, is fondly remembered as a former fire chief of this town.

Paul had two professions most vital to Mattapoisett. He is equally remembered as an excellent mechanic at DeCoffe's Service Station where people relied upon his skill to keep them mobile and safe on the road. When the alarm sounded, day or night, Paul was in response and because of this dedication the whole town slept more soundly at night and left for work confident that the community was in capable hands. Above and beyond the call of duty, Paul Bradley was available for many, many small emergencies that meant much to those he aided. Great and small, these contacts add up to a lifetime full of friends who will remember him with such pleasure. The town officially honored its Chief this past week with public tribute and words of praise from our Board of Selectmen and expressions of friendship from townspeople and fellow firefighters. Privately, I believe, everyone feels a great loss tempered by the gratitude that such selfless dedication is still very much a part of life in the United States.

In 65 complete years, Paul Bradley was a mighty force for the good and security of all of us - a very special man of Mattapoisett.

On that day, students will be picked up for school at the regular time but will be dismissed early according to the following schedule:

Marion - Grades 1-6, 12:30 p.m.
Mattapoisett - Kindergarten, 10:45 a.m.
Mattapoisett - Grades 1-6, 12:20 p.m.
Rochester - Kindergarten, 10:45 a.m.
Rochester - Grades 1-6, 12:30 p.m.
District - Grades 7-12, 11:30 a.m.

Lunches will be served to students in Grades 1-12 as usual.

Notice to Parents

ABSENTEEISM ON CURRICULUM DAYS

Over the past few years we have been troubled by excessive absenteeism on curriculum days. Some of our efforts to reduce this have worked, others have not. In a further effort to reduce absenteeism on those days, we have devised an 8 period schedule with each class meeting for 30 minutes on each of the remaining curriculum days for 1983-84. The faculty has been instructed to make strict use of this time for academic instruction and/or testing.

Parents should be aware that beginning December 7th any student who indicates that he/she has no classes, who indicates that the teachers do not teach, who indicates that nothing is going on, is, in fact, not telling the truth. We expect all students in school on half days, as we do on regular days. Your cooperation is greatly appreciated and together we can make this time more educationally productive for all students.

STRING QUARTET PERFORMS AT SCHOOLS

On Thursday, November 17th, the New England Chamber Players, a string quartet, gave performances for the children at Center and Old Hammondtown Schools. The members of the quartet are: Jean West (music instructor at Center School), Ann Davis, Mary Ellen Dollard and Ruth Trexler. The musicians introduced the children to the different stringed instruments and their versatility with musical selections ranging from classical to pop.

The children at Center School were also entertained by the Old Hammondtown School Band. Led by music instructor Stanley Ellis, the band exposed the children to the sounds of the woodwind, brass and percussion instruments.

This program was sponsored by the Mattapoisett P.T.C.

The subject this month is "The Camera Eye: Capturing Transitions". We will look at the development of photography from pictorialism, to "Photo-Secession", to realism, to photography as a fine art. The photographer-artists we are studying will take us through historical, social, and personal transitions in the lives of American men and women.

Deidre Smith will speak about Margaret Bourke-White, the famous photo-journalist who began by photographing steel mills and architecture and shifted to people through the new picture magazines, Life and Look; Ollie Stickney about Dorothea Lange, who documented the Depression; Priscilla Hathaway, about Barbara Morgan who has photo-

"You blazed the trail - you had the vision to give us and our community something to rally around". A champagne toast followed. It was noted that the club banner had a new addition, a 30-year badge, sewn on by Lioness Past President Phyllis Duponte. District Governor Simmons presented the club with a special proclamation noting the occasion of their 30th anniversary.

A highlight of the evening was the induction of 3 new members: Douglas Neeb (sponsored by Gene Pursley); Russ Bailey and George Haymaker (sponsored by Jim Hubbard).

Since November was Diabetes Information Month, club member Dr. David Stroud gave a very informative presentation to all members present. District Governor George indicated that he had heard many speak on the subject; however, he felt Dr. Stroud's presentation was the finest he had ever heard.

The club's next regular meeting will be December 14th for their annual Christmas Party.

EXHIBIT OF JEWELRY BY PHYLLIS GREEN

It is always a warm experience to see progress in art by one who is from our own area. Phyllis Green of Brockton has been studying a popular form of modern art in jewelry for many years now. In an interview recently she herself quoted from Tiffany's famous designer, Angela Cummings, who said,

"I don't know that I have a concept. My designing is done intuitively. It is not an intellectual or reflective process. I never question why I am doing something. Once you question you end up not doing it." This is a good summary of Phyllis herself and her extraordinary jewelry for today.

From a Bryn Mawr B.A. degree in classical archeaology, studies with Grog Jensen in New York City and extensive travels in Spain, England, France, Italy, Switzerland, Austria, Germany, Denmark and China, Phyllis Green has attained a complete background for her joyous and unique jewelry that is to be shown at the Marion Art Center beginning December 2nd.

Once you have seen this outstanding exhibit of jewelry and the fiber arts, the exquisite, brightly colored baskets and table sculpture with their happy range of light and shadow, color and depth, you will always recognize a Phyllis Green wherever you see it.

This exhibit, opening December 2nd at the Marion Art Center, will run through the 15th.

The Marion Art Center will host an Artists' Festival December 2 - 15, featuring works of local member artists and the fibre jewelry and baskets of Phyllis Green of Brockton.

An opening reception for the artists and friends will be held Friday, December 2nd, from 6 - 8 p.m. at which time items may be purchased.

The festival and sale will continue through December 15 at the Center which is open Wednesday - Saturday, 1 to 4 p.m.

Children's Museum

NASA EXHIBITS DEBUT

A 1/15th scale model of the Space Shuttle Orbiter, billed as the heart of NASA's Space Transportation System for the 1980's and beyond, is currently on display at the Children's Museum through January. The model, which is eight feet in length and has a wing span of five feet, is situated on the Museum's second floor.

Soon the Space Shuttle will carry the European Space Agency Spacelab on its first mission. Thus a dream will be realized; scientists no longer will be earth-bound but, like astronauts, will be able to go into space to perform research that cannot be done on earth.

Paper cutout models of the Space Shuttle, suitable for flying, will be available to children free of charge when they visit the Museum during the exhibit's stay.

Adjacent to the impressive model of Columbia is a large Photomosaic image of the United States taken by Landsat launched by NASA in 1982. Since 1972 Landsat satellites have been photographing the earth. The results virtually changed the way we looked at our planet. The applications for agricultural and environmental studies are nearly endless. The Photomosaic was assembled by the General Electric Company from 569 Landsat Images. Nearly 30,000 aerial photographs would be needed to cover the same area.

Both exhibits are on loan to the Children's Museum from the National Aero-

Zeiterion

A joyful new musical treat, Dickens' A CHRISTMAS CAROL, will be presented at the Zeiterion Theatre in downtown New Bedford on Sunday, December 4th, at 2:30 and 7:30 p.m.

Dickens' classic tale has been adapted by Charles Jones, and now comes to life wrapped in music, dance and colorful costumes. Featuring an ensemble of 35 actors, singers and musicians, traditional Christmas carols are cleverly interwoven within the classic story of Ebenezer Scrooge and Tiny Tim.

Written by Dickens in 1843, A Christmas Carol tells the enchanting story of the greedy Ebenezer Scrooge and how his life was changed by the Christmas Eve visit of his former partner, Jacob Marley, and the

ghosts of Christmas past, present and future; and also by the love and goodness of the crippled Tiny Tim.

According to adapter Jones, this version of A Christmas Carol is a masque. The songs do not move the story forward - they stand apart from the text. Each carol in the show was chosen for the dramatic atmosphere it contributes to the total evening. The songs are traditional but the scoring by musical arranger John Bennett is contemporary and exquisitely beautiful.

A Christmas Carol leads off a busy holiday performance schedule at the Zeiterion Theatre with two performances on Sunday, December 4th. On December 10th the Lyn & Co. Magic Show will give two performances to benefit the Standard-Times Neediest Family Fund. December 11 will see the combined forces of the Greater New Bedford Choral Society and the Fall River Diocesan Choir presenting Handel's Messiah. Finally, on December 17 and 18, the Zeiterion will present The Nutcracker by the Festival Ballet for four performances. Tickets are available for all these productions at the Zeiterion Theatre Box Office or by calling 994-2900.

Spectacular costumes, sets and special effects have thrilled audiences throughout the country. No one will leave the theatre with a "bah, humbug" attitude after seeing this delightful version of A Christmas Carol on Sunday, December 4, at the Zeiterion Theatre.

Christmas in Olde Sandwich

The second annual "Christmas in Olde Sandwich Village" celebration will be held December 9th, 10th and 11th. Special events will be held in and around the village.

A "Lighting-Up Procession" will begin the weekend at 7 p.m., Friday, in front of the First Church of Christ, Main Street. James Mancusi will dress as a Town Crier, calling everyone to carols. All of the clergy from the various town churches will conduct the public in a carol sing. The procession will then form and wind up Water Street, stopping at the Thornton Burgess Museum in front of the "Littlest Christmas Tree". Continuing on their way the procession will walk around School Street and back to Main Street, and the Sandwich Public Library for a Town Christmas tree lighting and carol sing.

Weekend events will include hourly demonstrations as well as musical events and films at Heritage Plantation. Entries in

SHEARLING by *Sawyer*

Lady Chester

A warm and wooly winter tradition.

Shearling .. the rich, soft fleece from lamb. A coat by Sawyer is many things. It's a statement of classic taste and a refined sense of style. It is quality, a tradition for one hundred fourteen years. Each garment is individually crafted, will not rain-spot and is colorfast.

Shearling - the fur worn inside out.
